

D'Argenta nace en la ciudad de México en 1976, gracias al sueño de Ernesto y Sima Abraham, quienes tuvieron la visión de querer compartir con el mundo la belleza escondida detrás del arte y la destreza en la escultura mexicana. Tan grande era su inquietud que, ese mismo año, sin mucho en los bolsillos mas que incertidumbre, viajaron a la ciudad de Nueva York para presentar la primera pieza que crearon con sus propias manos. En cuanto se bajaron del auto, un grupo de personas se aglomeró a su alrededor para admirar la belleza de la pieza, y es así, que han pasado ya más de 40 años en los cuales tres generaciones se han unido para seguir cautivando al mundo a través de la innovación y diseño.

Este año 2018, D'Argenta Studio nace con el objetivo de explorar nuevas ideas y mercados, así como acercarse al mundo del diseño. Gracias a la experiencia de nuestros artesanos, quienes en conjunto con artistas y diseñadores de todo el mundo, creamos elegantes piezas reconocidas a nivel mundial.

D'Argenta was born in México in 1976, product of Ernesto and Sima Abraham's dream. In their vision, they had the urge to share with the world the hidden art behind the beauty and skill of Mexican sculpture. Such was their need to do so, that they traveled to New York City to introduce their first piece, created with their own hands. As soon as they got out of the car, a group of passersby gathered around them in awe of their piece's beauty. And that's how more than forty years have gone by, in which three generations have united to keep captivating the world through innovation and design.

This year, 2018, D Argenta Studio was born with the aim of exploring new ideas and markets, and to get closer to the world of design. Thanks to all the expertise of our artisans, whom together with designers and artists from all over the world, transform our experience into world-renowned unique elegant pieces.
